## **LOCAL RULES**

All players need to read the local rules board on the wall of the clubhouse before beginning play.

### **Embedded Stones**

Through the green, solidly embedded stones may be treated as GUR (Rule 16).

### **Rule 16.1 – Interference**

Interference by G.U.R. occurs when a ball lies in or touches G.U.R. or when the G.U.R. on the course interferes with the player's stance or the area of his intended swing. If interference exists, the player may either play the ball as it lies or take relief as provided in Clause b.

### **Rule 16.1 – Relief**

If the player elects to take relief, he shall proceed as follows:

Through the green- If the ball lies through the green, the point of the course nearest to where the ball lies shall be determined which

- a) Is not nearer the hole
- b) Avoids interference by the condition, and
- c) Is not in a hazard or on a putting green.

The player shall mark and lift the ball and drop it without penalty, within one club length of the point thus determined on a part of the course, which fulfills a), b), and c) above.

## **Exception**

A player may not obtain relief under Rule 16.1 if

- a) It is clearly unreasonable for him to play a stroke because of interference by anything other than a condition covered in Rule 16.1 (eg a tree over 2 club lengths in height) or
- b) Interference by such a condition as would occur only through use of an unnecessarily abnormal stance, swing, or direction of play.

## **Heat Policy and Time of Play**

Should the forecast temperature by the Bureau of Meteorology (BOM) for Seymour at 5.00pm on the evening before the day of play of competition be 38 degrees or more, the competition times for that day will be amended to a start time of 9.00am.

The course will remain open for members play (at their own risk) but not in the competition if outside the 9.00am start time.
